

Death Investigation

Justice of the Peace
2110 N. A St Midland TX 79705
Office (432)-241-2948
Fax (432)-688-4991

My name is Tracy Culler, and I work as a death investigator under the Justice of the Peace in Midland County alongside Carlos Castanos, & Steve Ford. We as death investigators, respond and investigate all unattended deaths in Midland County. The reason I am reaching out is due to the abnormal rise in the number of deaths in the past couple of years in the oil & gas industry. Some examples of oilfield-related deaths that we respond to are heart attacks, suicides, car accidents, non-compliance prescription use, alcohol/drug abuse, and negligence in safety protocols. Our department wants to reach out to the community and educate employees and staff to help prevent untimely deaths.

We are offering to do a presentation at your scheduled safety meeting(s) or whenever is best for you and the company. We do feel it is of the utmost importance that people understand the complexity of safety in the workplace and how not to become complacent because, unfortunately, that is usually when these unexpected deaths occur.

Along with sharing the responsibilities of our department, we want to help your company stay as safe as possible and avoid preventable deaths. These deaths are costly to the company as well as mentally upsetting for the staff and the victim's families. If you are interested in a presentation, please let me know so we can schedule a date and time.

Sincerely,

Tracy Karst-Culler

Carlos Castanos

Anthony Steve Ford
